STAFF RECOMMENDATION: Approve the requested actions.

EXECUTIVE SUMMARY: An effort to modify the North Park Business Improvement District (NPBID) has been ongoing for a number of months under the auspices of the North Park Organization of Businesses (North Park Main Street). The proposed modifications include changing the assessment methodology within the existing NPBID boundaries and expanding the boundaries to include adjacent commercial areas within the North Park community using the proposed assessment methodology. The purpose of the modification is to increase the amount of resources available from within the existing BID boundaries and to build on the synergy between the commercial areas along University Avenue and 30th Street to better benefit the businesses in the larger commercial area.

The proposed assessment methodology would create four categories of business based on the number of employees and the assessments would range from \$125 up to \$500 annually. The expansion of NPBID would add businesses located along: 2004–2749 University Avenue; 3300–3799 and 4000–4199 30th Street; 2900–3049 Upas Street; 2900–3099 Dwight Street; and 2900–3099 Polk Avenue.

A Business Improvement District (BID), as authorized by California law, is a government-designated assessment area formed with the support of businesses to improve their business conditions. BID assessments are collected at the same time as the City's Business Tax but are accounted for separately by the City. All BID assessments are returned to the District from which they were collected to be used

for improvement programs operated by the business membership and shaped by the needs of the district's businesses.

The City Council has adopted Council Policy 900-07 on Business Improvement Districts to clarify the process by which BIDs may be established or modified. The policy states that proposed increases in assessment levels within an existing BID should be approved by at least two-thirds of the board of directors and that a proposed expansion of BID boundaries should be supported by 20% of eligible businesses within the expansion area as demonstrated by a petition.

In January 2008 City Staff received notice of board approval to increase assessments in the NPBID. In February 2008, City staff received a number of petitions in support of expanding the NPBID and verified that the 20% threshold had been met. In accordance with Council Policy 900-07, City staff then conducted mailed ballot procedures to determine the level of support among the affected businesses in the existing District for increasing the assessments and among the affected businesses in the expansion area proposed to be included in the NPBID.

Council Policy 900-07 also provides that if a majority of those responding, when measured both numerically and when weighted by the amount of the proposed assessment, support the modifications then City Council may proceed with the public hearing process to amend the BID ordinance. A majority of the responding businesses in the existing NPBID supported the change in assessment methodology (numerically 68.8% / weighted 68.6%) and a majority of responding businesses within the proposed expansion area supported the expansion and the proposed levying of assessments (numerically 55.2% / weighted 56.9%). Pursuant to the Parking and Business Improvement Area Law of 1989 and the Ralph M. Brown Act a multi-step hearing process at Council is required and certain mailing and noticing requirements must occur.

FISCAL CONSIDERATIONS: Approximately \$50,000 of additional annual assessments will be collected from the existing businesses as well as those businesses in the expanded area. It is anticipated that assessments would be levied and collected starting November 1, 2008 once approved by Council.

PREVIOUS COUNCIL and/or COMMITTEE ACTION: The NPBID was established by Ordinance No.O-16481, adopted on July 29, 1985.

EQUAL OPPORTUNITY CONTRACTING

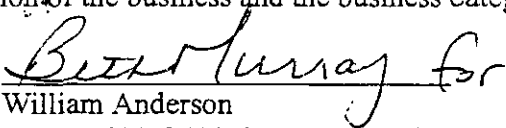

This agreement is subject to the City's Equal Opportunity Contracting (San Diego Ordinance No. 18173, Section 22.2701 through 22.2702) and Non-Discrimination in Contracting Ordinance (San Diego Municipal Code Sections 22.3501 through 22.3517)

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS: North Park Main Street mailed letters and sent e-mails to BID businesses to notify them when the BID modifications were discussed at Board meetings and business mixers. All businesses holding a business tax certificate also received a ballot and information concerning the change in assessment methodology or the proposed expansion and levying of assessments.

KEY STAKEHOLDERS & PROJECTED IMPACTS (if applicable): Businesses within the BID are the key stakeholders of this action and would be impacted by the levying of the annual assessment in the amount of \$123 to \$500 per year depending on the location of the business and the business category.
